

TREAT-NMD® 20th Anniversary Conference

The past and future of translational research in neuromuscular disease

Poster Abstract Guidance

A limited number of posters will be displayed at the TREAT-NMD® 20th Anniversary Conference. We welcome submissions that showcase collaboration, innovation and the impact of TREAT-NMD initiatives and resources on neuromuscular healthcare worldwide.

Key Dates

- Abstract submissions open: **1 October 2026**
- Submission deadline: Midnight, **16 February 2027**
- Acceptance notifications: Week commencing **15 March 2027**

Poster Topic: Networking with TREAT-NMD

We welcome abstracts that demonstrate how collaboration with TREAT-NMD or use of its resources has contributed to improving healthcare in rare neuromuscular conditions.

Submissions may include:

- Collaborative projects that support improvements in neuromuscular healthcare
- How organisations have worked with TREAT-NMD
- How organisations have used TREAT-NMD resources and programmes
- Past, current or future developments linked to TREAT-NMD initiatives, including registries, animal SOPs, care standards and other network programmes

Due to the limited number of poster spaces, submissions must meet the topic criteria above. Abstracts will be shortlisted, peer reviewed and selected by the Programme Committee.

Submission Instructions

Submit your abstract via [the submission form](#) by midnight on 16 February 2027.

Please note:

- Abstracts must be written in English and must not exceed 400 words

- References should not be included
- Each presenter or organisation may submit one poster only
- The presenting author will receive all correspondence at the email address provided
- You are responsible for ensuring your abstract is grammatically and factually accurate
- The Programme Committee reserves the right to correct spelling errors
- Abstracts that do not meet the stated topic criteria cannot be accepted

You will receive an acknowledgement confirming receipt of your submission.

Review and Notification

All abstracts will be reviewed by the Programme Committee, with acceptance notifications sent by email during the week commencing 15 March 2027.

If your abstract is not accepted, you will be contacted promptly and your conference registration fee will be fully reimbursed.

Successful applicants will receive further information about poster requirements with their acceptance notification.

Visa Support

Letters of invitation can be provided to individuals who have registered and paid to attend the conference to support visa applications. Please contact education@treat-nmd.com after registering if you require a letter.

Please ensure the email address provided in your submission remains active throughout the review period. If your email address changes, contact us so we can update our records.
